

# I my hearing aids.

Just like some kids wear glasses to help their eyes see better, you're getting some new hearing aids to help your ears hear better. Lots of kids wear hearing aids, so there's nothing to be nervous or worried about. You'll be amazed at how much more you can hear – your friends' and teachers' voices and sounds all around you.

## You Be The Designer

Choose the color/design of these items:

 **Hearing Aid:** This goes behind your ear and contains the microphone and processor that picks up sounds and speech around you.

 **Earmold:** The piece that fits perfectly into your ear.

 **Earmold Tubing:** The tube that carries the sound to your earmold.
